RE: Red Rock Mine
ACT/037/050
San Juan County, Utah

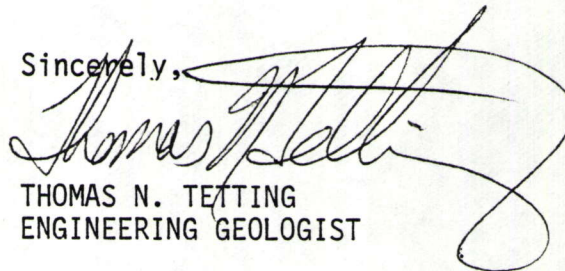

Dear Mr. Ruggeri:

The Division is in receipt of the Mining and Reclamation Plan for Clayton Stock's Red Rock Mine. A technical review in accordance with the Utah Mined Land Reclamation Act is currently underway and almost complete. The results of the review will be forwarded to you at the earliest possible moment.

Upon receipt of the Division's questions formulated during that review, I trust that you or someone from S and S Mining will be in contact with me regarding the nature of the questions should there be any difficulty in responding.

The Division has just received a copy of a recent August 27, 1982 letter to the Department of Health. It was copied to the Division of Natural Resources. In future correspondence would you address items as indicated on the enclosed business card? Thank you.

Sincerely,

THOMAS N. TETTING
ENGINEERING GEOLOGIST
